## HOST AN EXCHANGE STUDENT WITH CIEE

### Create Cultural Connections

Students from all over the globe want to live with a family and experience high school in the United States. By welcoming a student into your family, you make it possible for our community to meet, interact, and learn from someone of another culture. Host families get to select a student according to country, interests/hobbies and qualities that may be a good match for their family!

### CIEE offers 24/7 Support

Local Coordinators work with your family and the student throughout their program year. CIEE offers support and guidance when needed, celebrating successes and new memories every step of the way. Now seeking volunteer host families for our students arriving in August of 2024 for a semester or full school year.

### Host Families of All Shapes & Sizes

Individuals 25+, childless couples and families with kids of ALL ages encouraged to host! Families provide meals within the home and a space to sleep and study. The student is not a guest, they're a member of the family!
