Legal sanctions are in addition to disciplinary actions by the University.

4.4.1 Who is Involved.

Human Resources and Workforce Strategy will coordinate as needed with the Employee's supervisor; the appropriate Vice President; Associate Vice President of Public Safety; and/or General Counsel (or delegated representatives of any of the above) to determine whether an Employee may continue to perform their job responsibilities or if the Employee should be placed on administrative leave to allow the University the opportunity to determine appropriate employment action. Human Resources And Workforce Strategy will take appropriate measures to ensure the confidentiality of the process, and the privacy of the employee throughout the process.

4.4.2 Corrective or Disciplinary Action

Violations of this policy or related University policies will be dealt with on a case-by-case basis following the policies and procedures applicable to faculty, staff or students. In determining the appropriate corrective or disciplinary action, the University may consider an Employee's work record, the seriousness of the violation, the safety-sensitivity of the Employee's position, whether the Employee's behavior violated the University's Workplace Violence Policy (#12040), and any other relevant factors. Disciplinary action may include but is not limited to: suspension without pay, involuntary demotion or transfer, and termination. Disciplinary action will be contemplated following University and State Board of Education Policy, and IDHR Rule.
